A Poem by ChatGPT

- •Carpe Diem, seize the day, For time is fleeting, slipping away. Life's precious moments, they come and go, So embrace them now, don't wait to grow.
- •The sun will set, the night will come, But memories last, they're never done. The laughter shared, the love we feel, These are the things that make life real.
- •Don't put off until tomorrow, What can be done without sorrow. Chase your dreams, pursue your goals, Make every second count, take control.
- •Carpe Diem, seize the day, Live in the moment, come what may. For life is short, and time is dear, So cherish each moment, without fear.
